REDEFINE LEARNING EXPERIENCE

Build Strategic Thinking, Focus, and Decision- Making Skills

Train Your Brain to Think Ahead and Win

Chess is more than a game. It sharpens memory, improves concentration, and builds powerful decision-making skills. Students who learn chess develop the ability to think ahead, analyse situations, and make confident choices.

This course is designed to help learners master strategy, improve focus, and develop a strong competitive mindset through structured chess training.

About TutorX

TutorX provides personalised one-on-one online learning for students across global curricula, including the UK, US, Australia, and Canada, with a strong focus on structured and skill-based learning.
